

What to expect when attending a service in Church

Following the Government announcement on 8 December to move to Plan B, face coverings are now required to be worn in church.

We will allow people to choose where to sit but encourage people to give each other space and be aware of those who may not be comfortable sitting too close together.

Singing will continue and face coverings will still need to be worn.

We will invite you to come forward to the altar rails to receive communion (still in one kind) and further direction will be given at the next communion service.

At present we will not be operating a booking system but we intend to record who is present in case anyone does test positive for Covid-19.

We will ask you where possible to use the NHS Track and Trace QR code on entry or give us a contact phone number so that we can pass them on to NHS Track and Trace should we be asked to do so.

Please bear with us and with each other as we continue to move through these challenging times. What we have decided for now will continue to be reviewed regularly. Should Covid case numbers rise rapidly please be aware that further measures may need to be re-introduced.

Funerals *(please see above information)*

- Funerals are now allowed to go ahead with no limit in numbers but depending on numbers we may have to have some social distancing in place
- Face coverings must be worn, including whilst singing.
- Singing is allowed.
- We will ask you where possible to use the NHS Track and Trace QR code on entry or give us a contact phone number so that we can pass them on to NHS Track and Trace should we be asked to do so.

Burial of Ashes

- Burial of Ashes can go ahead.

Weddings *(please see above information about services in church)*

- Weddings can go ahead with no limit in numbers but depending on numbers we may have to have some social distancing in place.
- Face coverings must be worn, including whilst singing.
- Singing is allowed.
- We will ask you where possible to use the NHS Track and Trace QR code on entry or give us a contact phone number so that we can pass them on to NHS Track and Trace should we be asked to do so.
